She noted that Mayor Pro-Tem Ellen Cohen indicated that the COH does not have the funds for a proposed supplemental budget request and encouraged HFSC to determine what amount would be needed for the HFSC to simply continue with the work as is. Chairwoman Cásarez noted that backlogs in sexual assault kits (SAK), for example, would certainly result in bad publicity and expressed the importance of communication with the Office of the Mayor regarding the circumstances at the HFSC and the result of limited resources. The board discussed their concerns with the timing of this supplemental budget request and the importance of discussing these issues with stakeholders. Mr. Leach noted that he would work with the staff to get the figure that HFSC needs to maintain operations as is. No action was taken on the proposed supplemental budget request.
